THE CONSTRUCTION OF THE CROSSING

Name of Installer:

Phone:

I agree to construct my vehicle crossing to Council's standards and specifications within 28 days from the date of this application, or in the case of a new building which requires access across Council's road reserve, within one month of the building's completion and understand that if the crossing has not been installed to these requirements and time frames, the Council reserves the right to rectify any substandard work or undertake the crossing's installation, at my expense. I also agree to have the road reserve fully reinstated within 48 hours of excavation and to ensure that all work carried out is in compliance with the requirements of the Occupational Health and Safety in Employment Act and Working on the Road - Transit New Zealand's Handbook for Temporary Traffic Control and Safety at Roadwork Sites. Please find attached my payment of \$75.00 for Council's inspection fee relating to this application.

Owner's Signature: Date: 12/5/98

A representative from Opus International Consultants Limited, Pukekohe, telephone (09) 238 2140 will contact you within 5 working days from the date of receipt of this application.

1. LOCALITY PLAN: Please provide sufficient information to enable the proposed position of the crossing to be identified on-site.

Note: If any underground or overhead service installations are in the way of the proposed crossing position then these shall be relocated at the owners cost.
