Making a complaint

We understand that things don't always go to plan and at times you may feel we have let you down. If this happens, we want you to tell us. We'll do our best to put things right as soon as possible or explain something we could have made clearer. To make a complaint to AMI visit ami.co.nz/complaints.

Cordell Calculator

The Cordell Sum Sure calculator provides an estimated figure of your home sum insured – the maximum amount it would cost to rebuild your home based on construction costs, allowances for professional fees, demolition, removal of debris, special features and GST considerations. Your sum insured can impact your basis of settlement – the most we pay for loss or damage to your home.

By choosing a sum insured that is equal to or greater than the Cordell Sum Sure Estimate, you can qualify for 'Replacement' basis of settlement. This means if your home is damaged by fire or explosion, we'll pay for the costs to repair or rebuild up to the entire floor area – even if it ends up costing more than your home sum insured. Limits still apply to certain items. For more information about your cover and basis of settlement, read the policy wording.

The calculator is provided by Cordell, a CoreLogic business. Your use of the Cordell Sum Sure calculator is authorised on the condition that CoreLogic, AMI and IAG New Zealand Limited (and their related companies) do not warrant the accuracy, currency or completeness of the estimated reconstruction cost and do not have any liability of any kind for any loss or damage howsoever arising (including through negligence) in connection with your use of the Cordell Sum Sure calculator. We may use the Cordell Sum Sure calculator to provide us with data about your property, for example the slope of land, roof and wall construction, and number of storeys in the home. It is your responsibility to tell us if you think the information is incorrect.
