Building Permits

The NZ Building Act came in to force on 1 July 1992. From that date, the issue of building permits ceased and they were replaced with building consents. Under the old permit system there was no requirement for Council to keep or provide records of building work. While Council generally holds records of permits issued, often little or no information is available regarding results of building inspections. Should an evaluation of the building be required, an independent qualified person should be consulted.

Date	Permit Number	Notes
14/12/1989	E062846	Resite carport
21/06/1982	A001546	Extension to dwelling
06/07/1981	W000679	Kent heater

Potential Lead Paint Contamination of Dwellings, Buildings & Land

Any specific information in relation to contamination will be contained in the HAIL part of the Property summary, otherwise the Council has no specific information in relation to this property.

Lead is a highly toxic substance that was a key ingredient in household paint. Any building or dwelling built before or during the 1960's is likely to have used lead-based paint at some time. Soil surrounding these buildings has potential to be contaminated by heavy metals contained in the paint. Landowners are responsible for ensuring the safe management of lead paint removal for protecting human health and the environment.

Wetlands

Council holds no records of a wetland being on this property. However please note that the Resource Management (National Environmental Standards for Freshwater) Regulations 2020 creates conditions relating to works carried out around natural inland wetlands regardless of whether they have been mapped by Council or not.

Pest Inspection History

The Tasman-Nelson region has a Regional Pest Management Strategy for the control of declared pest plants, animals and organisms. The responsibility for the control of pests lies with the land occupier or owner. No pests have been recorded on this property.

Significant Native Habitats

Council has been compiling biodiversity reports (also called Ecological Property Reports or reports on Significant Native Habitats) for the past eight years and where these exist they are available. However, no report has been lodged on this property.
