Hi Manuela,
We can do it without cost. It sounds like an issue with Planning.

Thanks
Megan

Hi Megan

Could you please advise if we should charge for the EOT or not.
I could locate one Request – REQ24-3012152.

Thank you
Ngā mihi
Manuela van Vuuren

Subject: Re: BC23-010204 - Information

Good morning,

We're writing in response to the notice (attached) that we received regarding the building consent for our retaining wall.

We have been attempting to comply with the RLC resource consent conditions and despite multiple attempts by phone and email (from our Engineer - Ash Bowtell at BSK Consulting Engineers), RLC has not responded. RLC phone and email records will show this. This has meant uncertainty around neighbour consent conditions, and as such we request to be granted an extension without cost.

As we have not received a response from RLC to our queries, we have had to engage a private planner to help determine RLC requirements so we can submit and hopefully re-start the project as soon as possible.

Kind regards,
Laura Forlong and Nick Tompkins
