Dear Sir/Madam

RE: PROPOSED OVERLAND FLOW PATH - HODGKINS ST

Thank you for taking the time to meet on site yesterday to discuss the issues regarding the overland flow path Council wishes to create across your property in Hodgkins Street.

As discussed I wish to confirm the following points:

- The excavation of the flow path will be undertaken at Council's expense and the excavated material will be removed from the site.
- I can also confirm that the drains that run through your property are shown on the RDC Drainage Plan and are therefore public drains. The existing retention dam and pipe you were concerned about would be Council's responsibility to replace or repair if required.
- It is also worth noting as we discussed that any future development of the land will need to incorporate this overland flow path.
- Your written permission is sought for this proposal and I have enclosed a letter and return paid envelope.

If you require any further information regarding this proposal please contact the writer.

Yours faithfully

m.R.C.

Murray Callingham
Land Drainage Manager
