Hi Simon,

Received a phone from Mrs Watson (09 4087564) Tues 1.11.11 regarding the above claim.

The Builder has failed to fulfil his side of the agreement in fixing the leaky dwelling, she is at a loss in which direction to follow at present, I suggested she contact the WHRS for their input and her Lawyer.

No inspections were called for during the remediation work so I am not sure to what extent FNDC should be involved at this time.

Could you have a look at the file on pathway and phone her please.

Cheers
Dave

1 Called Cardene Watson and explained that if there have been a breach of contract by the builder she must seek legal advice, advise the ladies and possibly use the disputes tribunal to order the builder to complete the works.
