Dear Mrs Cato,

18 SALISBURY ROAD

A complaint has been received at this office regarding the condition of the above property.

An inspection by an Environmental Health Officer was made at the property and various items of rubbish were seen amongst the long grass.

The condition may lead to harbourage of rats which is considered a nuisance under the Health Act 1956.

I would be grateful if you could clean the section and ~~keep~~ mow the grass to a level that does not provide harbourage of rats.

Yours faithfully

D.A. Gray
Senior Environmental Health Officer
