

APPENDIX 6

ENTERED

Notice of Wastewater Separation

I Carl Sutton the property owner or agent
for (Property Address) 10 CYPRESS PLACE

give notice that the stormwater and sewage on my property has been separated. I attach my drainage plans detailing the location of all soak pits, pipe work, or other installations for your records.

I accept any risks associated with the installation of any soak pits on my property, and I accept that at times they may overflow during heavy rainfall and will periodically require maintenance.

If the soak pits do not prove to be sufficient to perform satisfactorily, or if my drainage system causes any nuisance outside my property, then I acknowledge that I will need to rectify the problem to the Council's satisfaction.

I have not got plans as requested but advice from Wg District Council building inspector Clive Whitham tells me it is already on record at District Council
Mr Buchanan - Wg Plumbing also confirms stormwater and sewage is separate.
