Council has considered your application for a connection to its public sewer at the above location and we are pleased to advise that it has been approved. Conditions relating to the connection are shown below:

Attached to this notice is a list of Approved Contractors that are able to undertake this connection and you may obtain quotes from any contractor. You will need to provide them with a copy of this letter in order for them to provide a quotation.

It is your responsibility to arrange the installation of your connection with your chosen contractor and you must pay the contractor directly for the cost of the work. The green Approved Sewer Connection Detail/Record Sheet and supporting documentation, also attached, must be given to your contractor, as they are not permitted to undertake any work without it.

Should you have any problems or concerns with the level of work or service provided by your contractor, or if you have a problem with the connection after installation, please contact Councils' Utilities Operations Section.

Please note that the Approved Contractors are not agents of the Rotorua District Council and no responsibility is taken for any actions or omissions by the Approved Contractors.

Yours faithfully

Colin Te Kiri
Technical Assistant (*Utilities Operations*)
