DRAINAGE PLAN

The Drainage plan to accompany this application may be drawn on the back of this form, or on separate paper. The plan should show the outline of the building and the position of all sanitary fittings. It should be drawn to scale ($\frac{1}{8}$ to a foot) or have measurements shown. New sewerage drains to be shown in RED, new storm water drains - DOTTED BLACK and old drains in FULL BLACK. Road boundaries and other relevant information (position of wells) is also to be shown on the plan.
