Waitaki DISTRICT COUNCIL

Sewer → Awamoa Rd

140, 142 AND POSSIBLY 154

(SUBDIVISION 162)

Post construction

Application to Place Private Pipelines Within Road Reserve

The Applicant **MUST** contact, and discuss the application with
an Engineer **BEFORE** completing this form.

INFORMATION FOR APPLICANT

- **Traffic Control** is to be in accordance with the "Code of Practice for Temporary Traffic Management" and is the responsibility of the applicant.
- A **Plan for Temporary Traffic Management (TMP)** is to be submitted with this application. This is to be prepared by a qualified person. Council approval of the TMP is required before commencing physical work.
- The applicant is required to enter into a lease agreement with Council.

YOU ARE REQUIRED TO PROVIDE:

- **Plan of the area** clearly showing the position of the following pipe crossing, house number (or rapid) and adjoining legal descriptions of land serviced
- **Description** of location and extent of work (between fences) within the road reserve. Describe fully, the distances to known points.
- **Proof of payment of application fee** (\$100 incl GST)
- **Two working days notice** **MUST** be given to Councils Assets Group before work commences.
- **On completion of the installation...** "As Built" plans are required of the above plan including GPS positions on New Zealand Map Grid for updating the Waitaki District Councils GIS system. The GPS positions are to be at each change in direction and every 50m on straight sections.
- **Marking of the installation** ...by way of a marker post or pipe on the fence, is required where crossing the road and, in the case of installations parallel to the fence line, at 500m intervals and should be indicated by photographs with the "As Built" plans on completion.

Hi Flo Plumbing to do

Please refer Hi Flo Plumbing
