Vetting Request for Information

The following vetting RFIs were sent to Build on 1 July 2024:

VETTING

1. Please provide a more realistic value of work that should include construction, site work, drainage work, project management, materials and labour all inclusive of GST. Value of work must be at market value

Round 2. Your price per square meter rate is well below what we would expect to see for this type of build for your value of work. Can you please provide a more realistic value of work which includes all of the above. Thank you.
