Dear Madam,

Unauthorized Sign

It has been noted that a sign has been erected upon the building at the above address whereas we have no record of a sign permit being issued.

As it is an offence against the City of Rotorua General By-Law to erect signs before obtaining a permit I would suggest that your prompt application would be advantageous and I enclose herewith one sign application form for your convenience in this regard. The completed form should be returned together with a scale plan of the sign showing its size, composition, colour and wording together with the method of fixing the sign to the building.

Yours faithfully,

D.J. McCartney  
BUILDING INSPECTOR

Dear Sir,

Sign - Pukuatua Street

Further to my letters of 31st August, 1967 and the Final Notice of 19th September, 1967 your attention is drawn to the fact that the Sign Permit Fees of \$2.00 have not been paid to enable this sign permit to be uplifted. I would therefore advise that the fees be paid forthwith or the sign removed from the building.

Your prompt attention to this matter in this instance would be to your advantage.

Yours faithfully,

W.J. Anderson
