Dear Sir/Madam

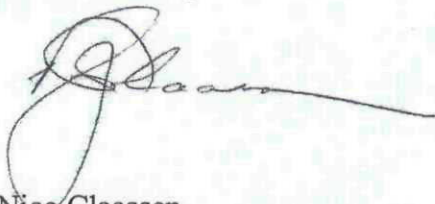

REMINDER OF Renumbering of Street Addresses to the West of the Ranolf Street CBD Area

This letter is a reminder that from 1 February 2005 your street number will change, as advised to you in our previous communication. Enclosed for your information are:

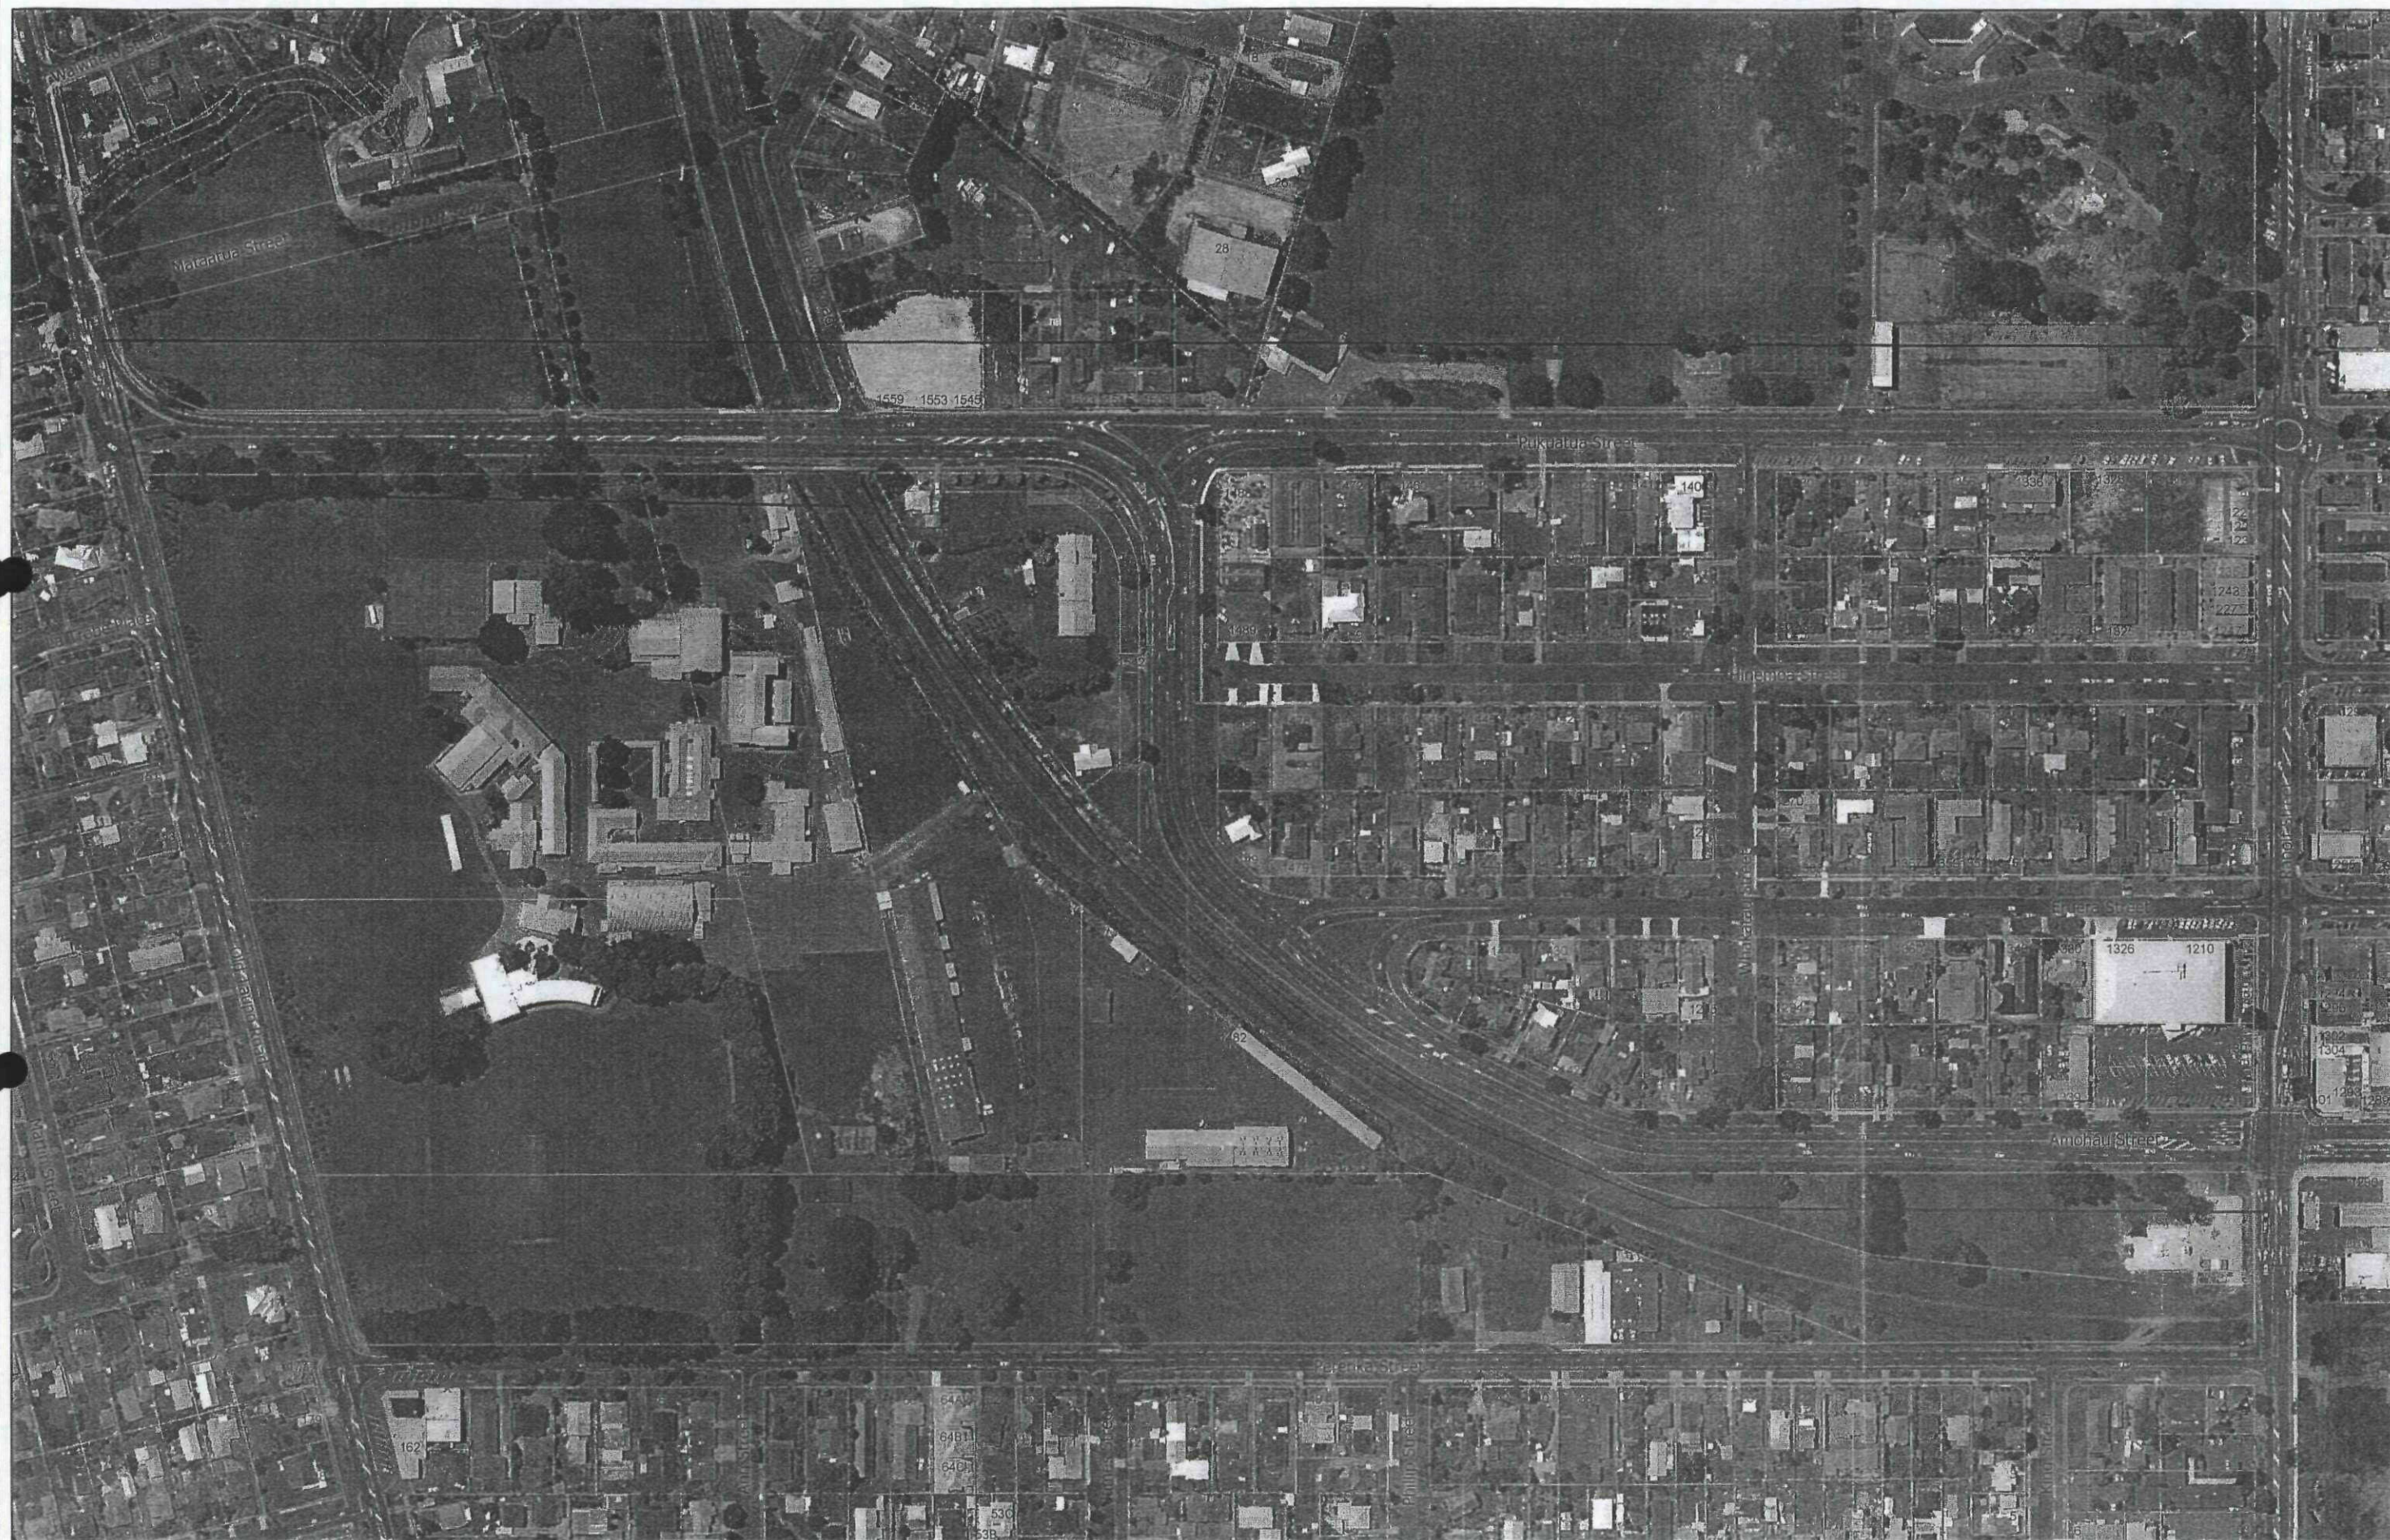

1. Copy of letter dated 10 August 2004.
2. Ranolf Street West CBD Renumbering Schedule showing the four digit street numbering for your area, identifying your new street number based on the location of the entranceway along the property frontage. This information is available on the Council website www.rdc.govt.nz. Use the keyword "CBD" in the search function.
3. Change of address pack supplied by NZ Post.

Any queries you may have should be directed to in the first instance to Ms Roma Niemirska at the Council (ph 348 4199) or Mr Dennis Olliver at the City Focus (ph 350 0186).

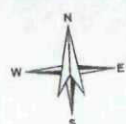

Yours faithfully

Nico Claassen
District Engineer

Address all
communications to:
Chief Executive
Rotorua District Council

Dear Sir/Madam

Renumbering of Street Addresses to the West of the Ranolf Street CBD Area

As part of the CBD Redevelopment Project a new four digit numbering system for the CBD was implemented in 1998. Following feedback from visitors and businesses, the District Council now intends to extend this numbering system to the block bounded by Ranolf Street, Amohau Street West and Pukuatua Street West to Old Taupo Road. Reasons for the extension are:

- This area comprises predominantly Residential D zoned land that is undergoing a steady transition from residential homes and units to professional offices and practices.
- The change from the existing three digit street numbers to four digit CBD numbers will alleviate the confusion for customers and visitors locating businesses when travelling westerly down Amohau, Eruera, Hinemoa and Pukuatua Streets.
- Will make locating addresses easier for emergency services, postal and courier services.

The renumbering involves allocating a unique number for every 5 metres of street length and will simply be an extension of the present numbering along Amohau, Eruera, Hinemoa and Pukuatua Streets. Whakatau Street will be included.

The Council intends to provide the actual replacement numbers and will also affix them to each property frontage free of charge. New signage at each intersection will show the range of numbers in each block.

The new number will always remain with that particular portion of street and ties in with the current legal boundaries. If there is redevelopment in the future the street numbers will not be affected and the property owner/occupier could select the appropriate number on that frontage.

It is proposed to implement the change from old to new street numbers on **01 February 2005**. This is after the busy Christmas postal and shopping period and allows ample time for businesses to prepare for the change. New Zealand Post have agreed to offer both the residential and commercial customers in the effected area a two month free redirection service. Any further

redirection needed beyond this period will be at NZ Post standard rates and you will individually need to make contact with NZ Post to set this up. Please refer to the NZ Post web site www.nzpost.co.nz for their change of address electronic service that is available for those clients that are on line.

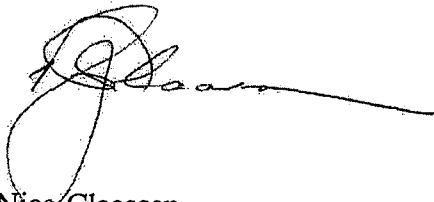

Council would like to acknowledge NZ Post for their assistance and saving given for commercial customers.

Attached is a plan of the proposed new CBD four digit street numbering for your area identifying your new street number based on the location of the entranceway along the property frontage. This information is also on the Council web site www.rdc.govt.nz.

Council will be sending out a reminder in December along with a change of address pack supplied by NZ Post.

In the interim any queries you may have should be directed to in the first instance to Mr Peter Handcock at the Council (Ph 348 4199).

Yours faithfully

A handwritten signature in black ink, appearing to read 'Nico Claassen', with a long horizontal stroke extending to the right.

Nico Claassen
District Engineer

Chief Executive
Rotorua District Council

Dear Sir/Madam

Renumbering of Street Addresses to the West of the Ranolf Street CBD Area

As part of the CBD Redevelopment Project a new four digit numbering system for the CBD was implemented in 1998. Following feedback from visitors and businesses, the District Council now intends to extend this numbering system to the block bounded by Ranolf Street, Amohau Street West and Pukuatua Street West to Old Taupo Road. Reasons for the extension are:

- This area comprises predominantly Residential D zoned land that is undergoing a steady transition from residential homes and units to professional offices and practices.
- The change from the existing three digit street numbers to four digit CBD numbers will alleviate the confusion for customers and visitors locating businesses when travelling westerly down Amohau, Eruera, Hinemoa and Pukuatua Streets.
- Will make locating addresses easier for emergency services, postal and courier services.

The renumbering involves allocating a unique number for every 5 metres of street length and will simply be an extension of the present numbering along Amohau, Eruera, Hinemoa and Pukuatua Streets. Whakatau Street will be included.

The Council intends to provide the actual replacement numbers and will also affix them to each property frontage free of charge. New signage at each intersection will show the range of numbers in each block.

The new number will always remain with that particular portion of street and ties in with the current legal boundaries. If there is redevelopment in the future the street numbers will not be affected and the property owner/occupier could select the appropriate number on that frontage.

It is proposed to implement the change from old to new street numbers on **01 February 2005**. This is after the busy Christmas postal and shopping period and allows ample time for businesses to prepare for the change. New Zealand Post have agreed to offer both the residential and commercial customers in the effected area a two month free redirection service. Any further

redirection needed beyond this period will be at NZ Post standard rates and you will individually need to make contact with NZ Post to set this up. Please refer to the NZ Post web site www.nzpost.co.nz for their change of address electronic service that is available for those clients that are on line.

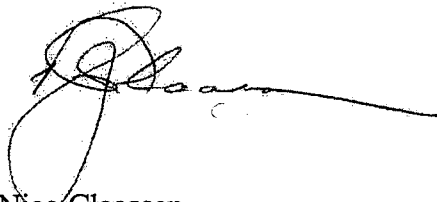

Council would like to acknowledge NZ Post for their assistance and saving given for commercial customers.

Attached is a plan of the proposed new CBD four digit street numbering for your area identifying your new street number based on the location of the entranceway along the property frontage. This information is also on the Council web site www.rdc.govt.nz.

Council will be sending out a reminder in December along with a change of address pack supplied by NZ Post.

In the interim any queries you may have should be directed to in the first instance to Mr Peter Handcock at the Council (Ph 348 4199).

Yours faithfully

A handwritten signature in black ink, appearing to read 'Nico Claassen', with a long horizontal flourish extending to the right.

Nico Claassen
District Engineer

Dear Sir/Madam

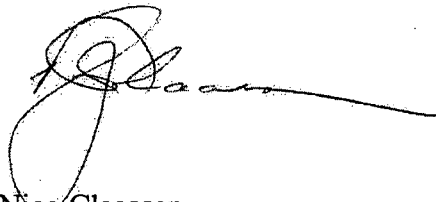

REMINDER OF Renumbering of Street Addresses to the West of the Ranolf Street CBD Area

This letter is a reminder that from 1 February 2005 your street number will change, as advised to you in our previous communication. Enclosed for your information are:

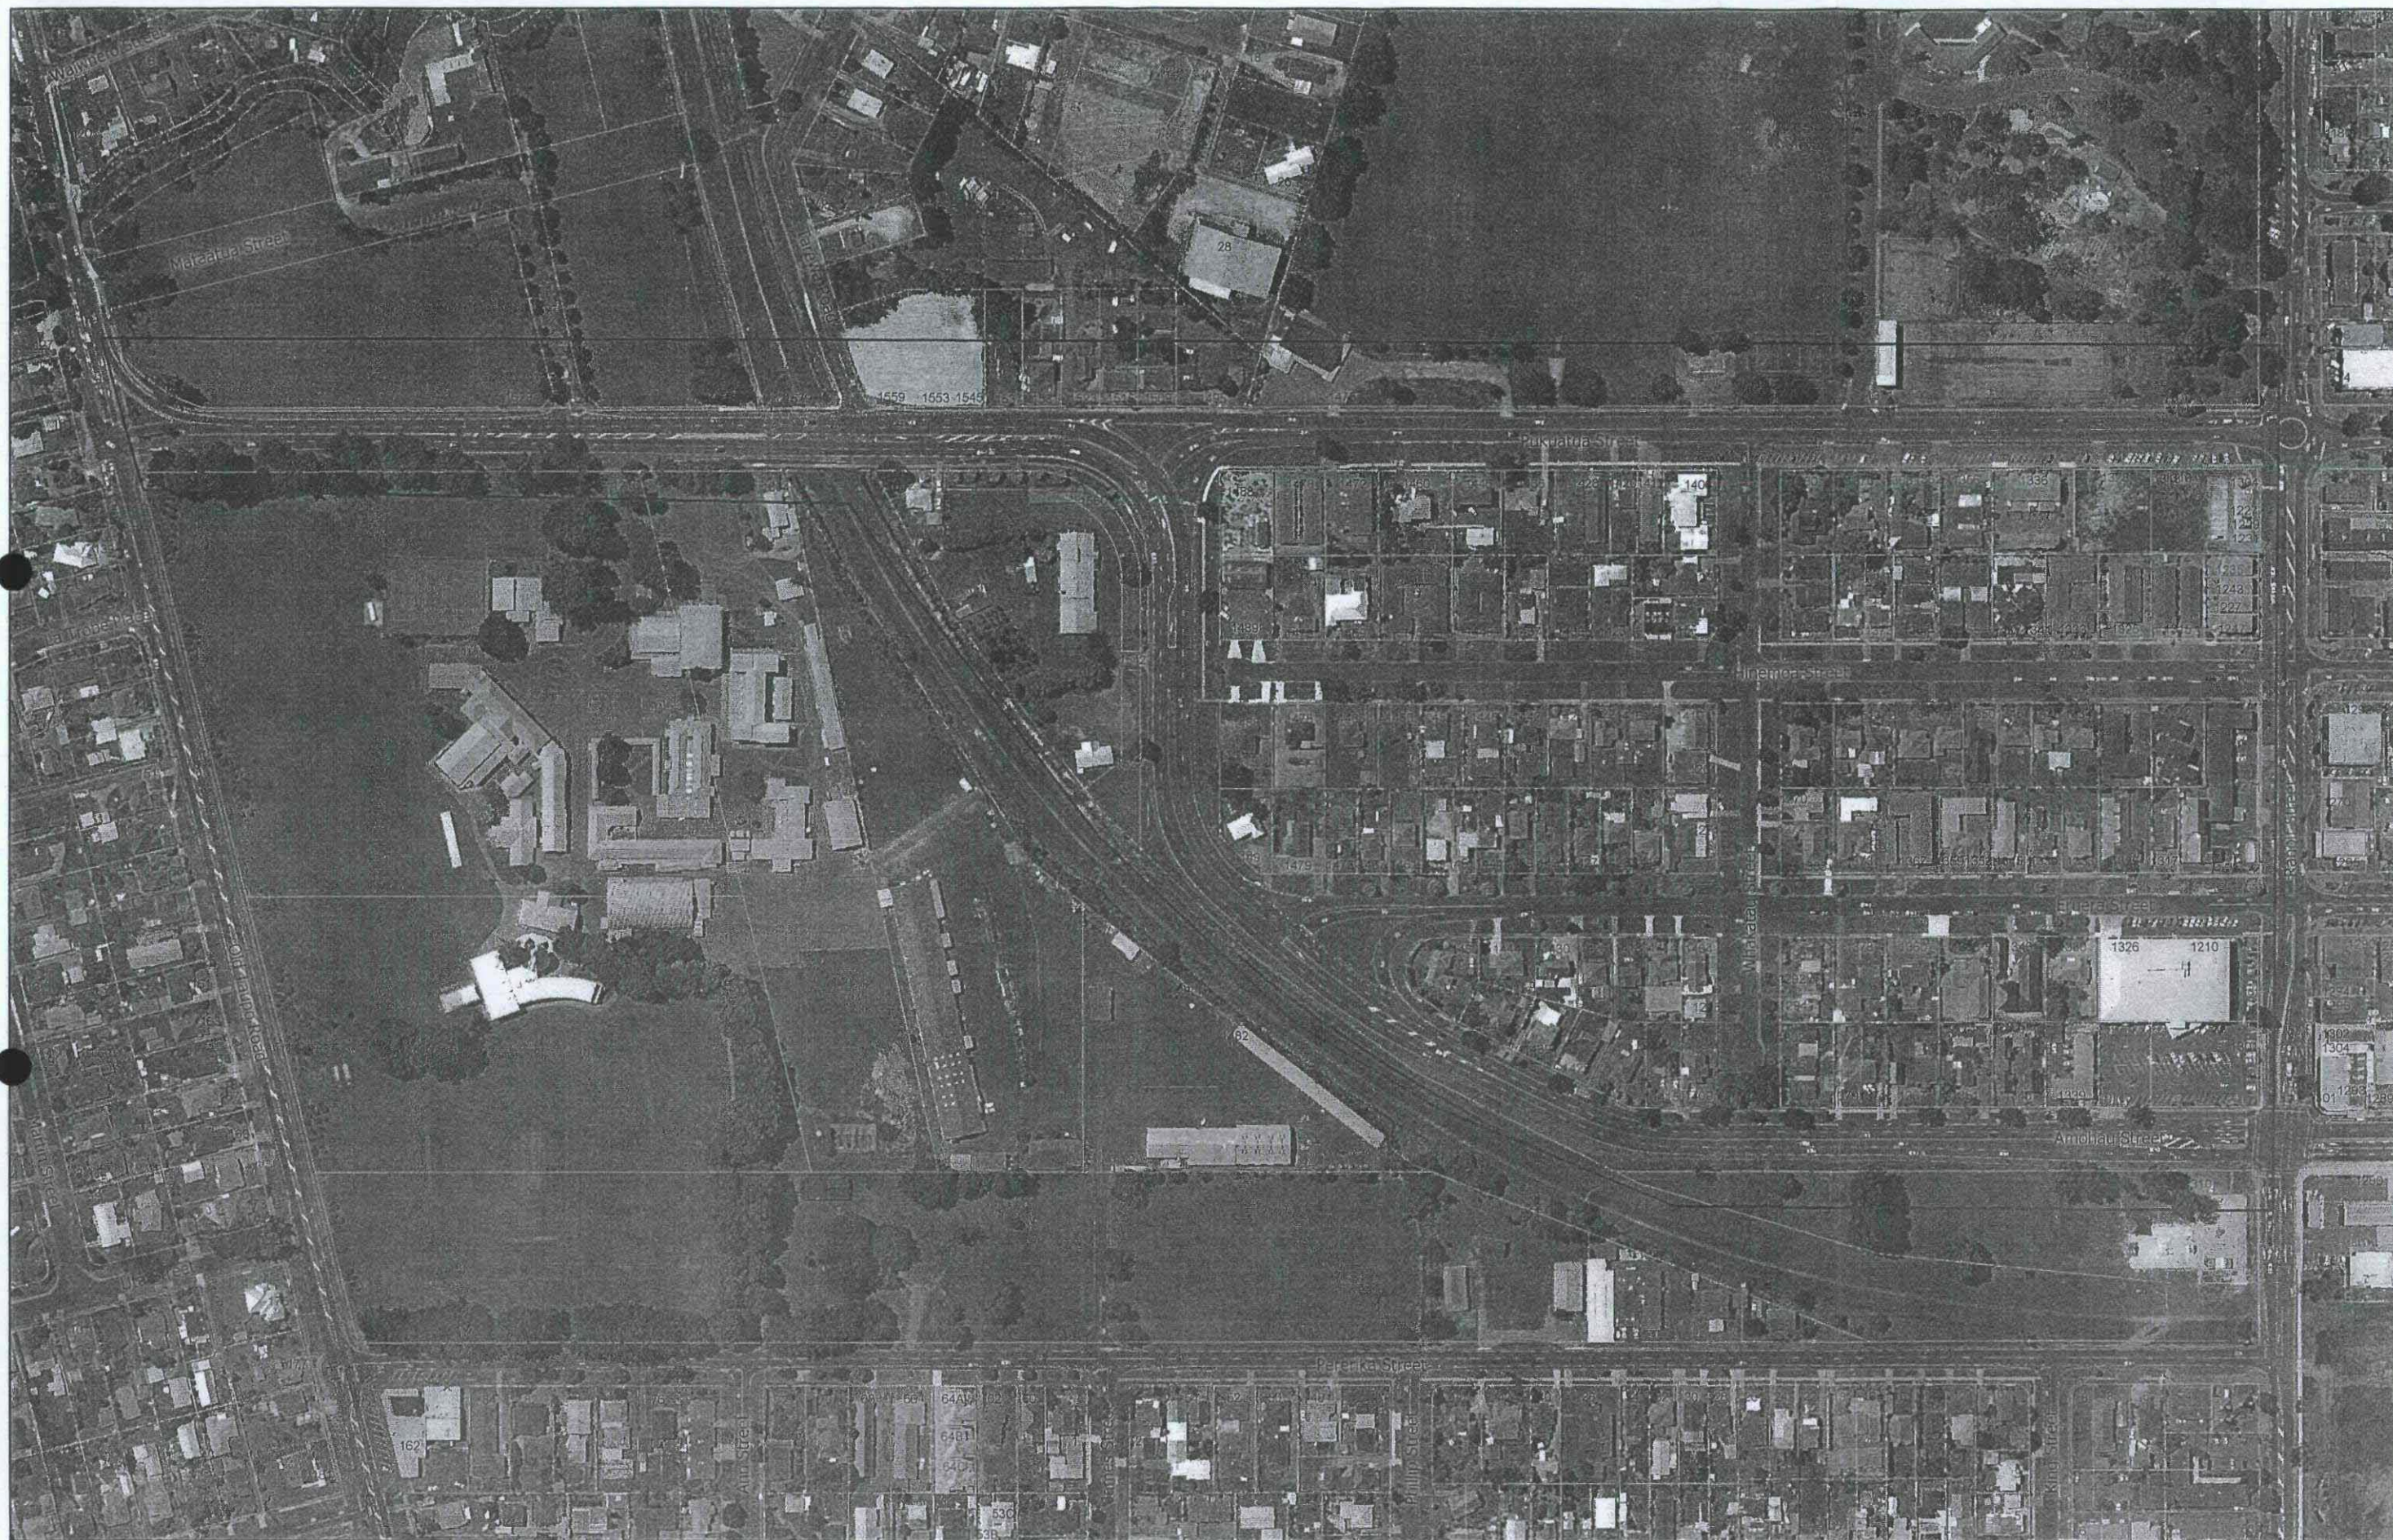

1. Copy of letter dated 10 August 2004.
2. Ranolf Street West CBD Renumbering Schedule showing the four digit street numbering for your area, identifying your new street number based on the location of the entranceway along the property frontage. This information is available on the Council website www.rdc.govt.nz. Use the keyword "CBD" in the search function.
3. Change of address pack supplied by NZ Post.

Any queries you may have should be directed to in the first instance to Ms Roma Niemirska at the Council (ph 348 4199) or Mr Dennis Olliver at the City Focus (ph 350 0186).

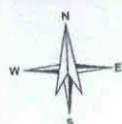

Yours faithfully

Nico Claassen
District Engineer
