Dear ratepayer

Garden waste collection service for 11 PALOMINO PLACE

This letter is to confirm that the above property address has signed up for a 4-weekly garden waste collection service. The cost of this service (\$60 per year for the 4-weekly collections or \$95 per year for the fortnightly collections) will be charged in your 2021/2022 rates invoice and will pay for the service from 1 July 2021 to 30 June 2022. Please advise any other owners or interested parties or contact us if you did not sign up for this service.

Your garden waste bin (if you haven't already received it) will be delivered within 4 weeks from when you signed up. You'll also receive an information brochure that includes a collection calendar. Please check the calendar for your garden waste collection dates. The brochure will also list what items are accepted in your garden waste bin.

Currently, 16% of household waste sent to landfill is garden waste. Our new service collects garden waste from your kerbside (unless advised otherwise) and gives it a second, more useful life as compost instead. Together, we can reduce the amount of household waste we send to landfill.

See more about the new kerbside collections at www.tauranga.govt.nz/kerbsidecollections
