

ALUMA

Balustrades & Fencing

The NZ Building Act/Regulations 2004 and the provisions of the NZ Building Code must be complied with in regard to any inconsistencies in the issued consent documents.

BALUSTRADES FOR FINE HOMES

Balustrades To Enhance Every Home

PRODUCT RANGE

BALUSTRADES

Exceptional quality and style in a wide range of designs, ALUMA Balustrades can meet your safety needs while enhancing your home. Custom made to suit virtually any deck shape, including curved, ALUMA Balustrades provide durable aluminium solutions to meet your requirements.

GLASS BALUSTRADES

A delightful way to complement your home, without obstructing your view, ALUMA Glass Balustrades are available in a variety of elegant aluminium frames or as free standing units. Manufactured with Grade A safety glass for maximum protection, ALUMA Glass Balustrades come in a range of tints including clear, grey, bronze, green, blue and reflective.

APPLICATIONS

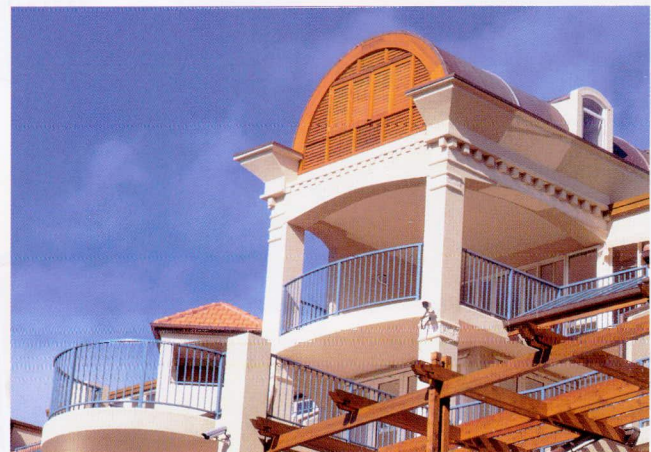

- Residences and Multi-Residential Developments
- Motels, Hotels, Rest-Homes and Hospitals
- Retail Premises, Offices, High-Rise Buildings
- Municipal Facilities and Plazas
- Pool Fences and Gates - attractive solutions conforming to statutory requirements

OTHER PRODUCTS

- Handrails - suitable for wall mounting or parapet tops
- Verandah columns - free standing or incorporated into the balustrade design
- Pedestrian gates
- Glazed screens
- Hardwood top rails - an optional feature on most balustrade styles

SELECTION

A wide selection of popular styles is available from within our four main product ranges (refer to back page), or simply contact us to discuss your design preferences.

ALUMA

Balustrades & Fencing

FEATURES

ELEGANCE

Designed to appeal, with an emphasis on stylish lines, fine detailing and in a range of colours to complement existing joinery. The choice of discerning home owners.

DURABILITY

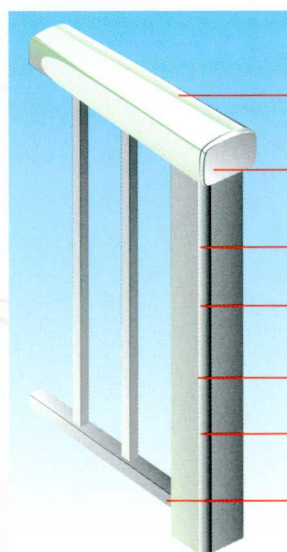

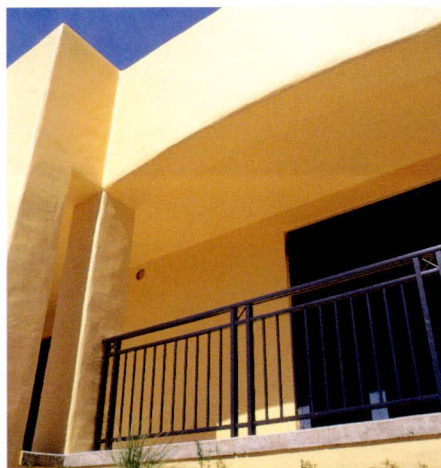

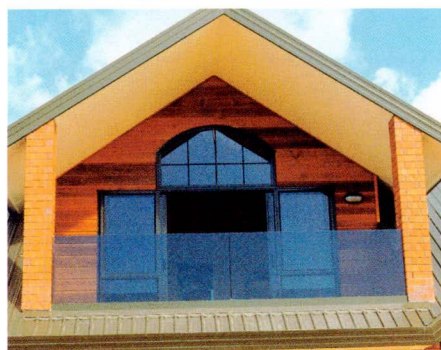

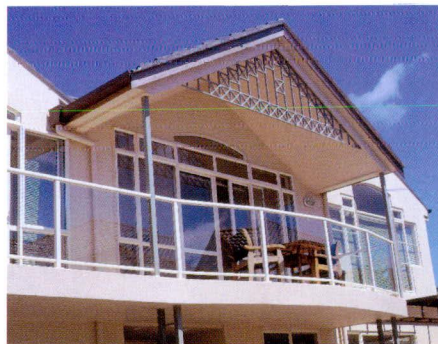

Built for durability, ALUMA Balustrades are constructed from non-rusting aluminium using stainless steel fasteners and finished with a tough powder coated or anodised surface for minimal maintenance.

SAFETY

Structurally engineered and tested for superior strength and safety, and incorporating high strength aluminium sections, ALUMA Balustrades are designed to conform to the New Zealand Building Code.

DESIGN QUALITY

Using unique registered extrusion designs and patented joining methods, ALUMA Balustrades offer innovative design excellence in every detail :

Designer shaped extrusions

Colour coordinated components with over 80 colours to choose from.

Rounded edges and smooth surfaces on all members

All aluminium construction

Custom built to suit specified height or length

Engineered for superior strength

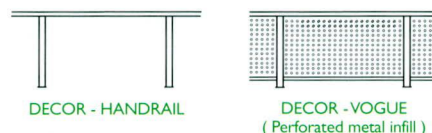

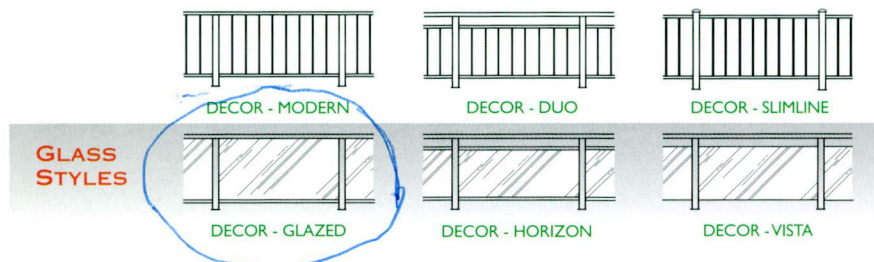

Concealed fasteners - no unsightly welds

*Quality Design
Low Maintenance*

CHOOSE A STYLE FROM ONE OF THESE POPULAR BALUSTRADE RANGES
OR CALL US TODAY TO DISCUSS YOUR DESIGN PREFERENCES:

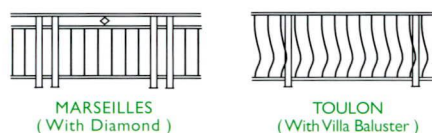

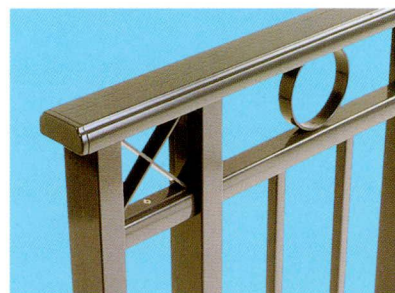

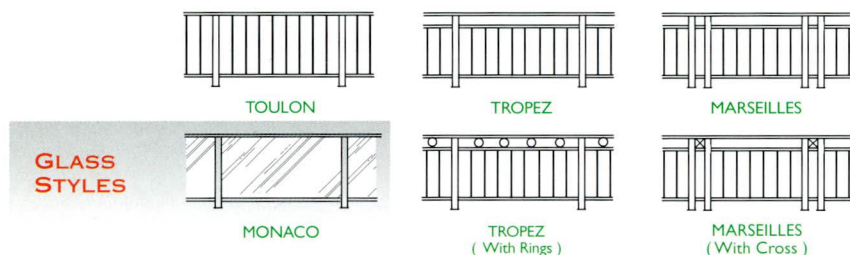

Decor-Rail

Standard top rail with square posts. Designed to complement a wide range of contemporary architectural styles, this is Aluma's most popular and cost effective system.

Rail-Provence

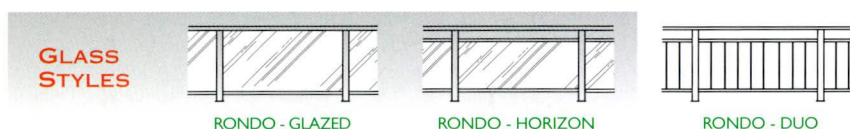

With narrow profiles and scalloped handrail, this style creates a more traditional or Mediterranean look. Decorative motifs may be included according to preference. ☒ ○ ◇

Rondo-Rail

Round handrail with round posts. This is especially suited to a glazed infill and offers the look of the future, today.

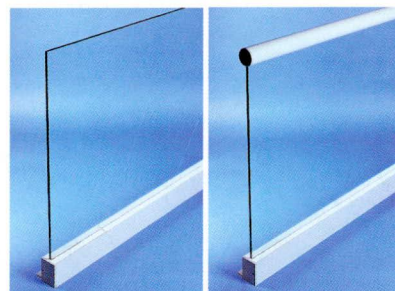

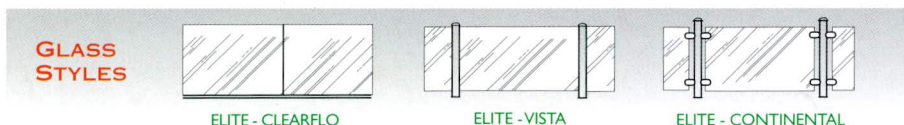

Square posts are optional

ELITE-RAIL

A prestigious range of frameless glass balustrades, designed to offer unobstructed views, including the Elite - Clearflo cantilevered glass balustrade with optional round handrail.

Some situations may require the addition of unobtrusive glass edge protection.
