Dear Sir

WILLIAMSON OF NAKABAU VALLEY ROAD

The enclosed plan shows the property of Mr J Butcher that is the subject of a subdivision. The proposed lots are shown on the plan.

Lots 7 and 8 are to vest as road; their areas total 1315². However there is a total area of some 10000² of road to be stopped and sold in exchange.

A net gain of 1685² will accrue to Mr Butcher and it is the value of this that I would like your comment on.

Council will be bearing the costs involved in accepting the 10000² area and your advice on the amount Mr Butcher should pay Council for the additional area would be appreciated.

Yours faithfully

Dear Mr. [unclear]

SOME PLAN OF SUBDIVISION: ALIGNMENT OF NAKURU VALLEY ROAD

The writer has to attend to the various exchanges of land to regularize the line of Nakuru Valley Road.

As you know two areas, Lots 7 and 8 on your subdivisional plan, will vest as road on deposit of your subdivisional plan.

There are five areas of roads that can be accepted and sold to you. These areas are shown coloured red on the attached plan.

The areas will need to be confirmed by survey. Over the land you are vesting as road occupies 13.3m and the areas of road to be accepted total approximately 300m.

This gives a net gain in area to you of some 180m.

I will arrange for a valuation report to be obtained to assess the value of this work and give you the figures.

With the 100m of road to be accepted and the 300m of road to be accepted, the total road area will be 400m.

Dear Sir,

SCHERER, G. A. & RICH, J. D.

On January 2, 1967, approximately 5000 people gathered at the Washington Monument to hear Dr. Martin Luther King, Jr. speak. Dr. King's speech was broadcast live on television and radio. The speech was one of the most powerful in American history. It was a call to action, a call to justice, a call to love. It was a call to all Americans to stand up for the rights of the oppressed. It was a call to all Americans to work for a better world. It was a call to all Americans to be part of the solution. It was a call to all Americans to be part of the dream.

Dear Mr and Mrs Bates

I refer to your letter dated 9 January, 1967 and the County Inspector's comments as follows:-

1. Packing Shed and Associated Facilities:

It would not be necessary to go through Conditional Use procedure to obtain a building permit for this structure. Title to the land must, however, be held before a permit will issue.

2. Temporary Accommodation:

Subject to the owner entering into an Agreement with Council and depositing a cash bond (\$100-00), Council would consider permitting occupancy of temporary living accommodation for a maximum period of 12 months whilst a dwelling is under construction on the same site. Such an Agreement cannot be entered into unless the owner holds a building permit to erect the permanent dwelling. In the case in question such a building permit cannot be issued until the Town Planning procedure described in Mrs Tyrrell's letter dated 28 January, 1967 has been followed.

3. Transfer of Land:

Transfer of land under Town Planning Ordinance 7.1(a) - copy enclosed.

I enclose for your reference a copy of the Town Planning Ordinance 7.1(a) - copy enclosed. If you have any further queries regarding the above please advise the County Council.

Dear Mr and Mrs Oates

Please find enclosed

your copy of the report of the planning committee

The committee has considered your application for planning permission for the proposed development of the site and has recommended that the application should be refused. The committee has also recommended that the application should be refused on the grounds that the proposed development would be detrimental to the amenity of the area and would be in breach of the provisions of the planning laws.

A copy of the planning committee's report is also being sent to the planning officer. The planning officer will be responsible for the implementation of the committee's decision. The planning officer will also be responsible for the implementation of the committee's decision. The planning officer will also be responsible for the implementation of the committee's decision.

I enclose Form 'A', 'Application for Planning Permission', for you to complete and return if you wish to make an application, along with covering information.

If you decided to make an application, the following procedure would need to be followed.

On receipt of all necessary information, your proposal will be publicly advertised and persons or public bodies will be able to submit objections or submissions within a period of 21 days from the date of the advertisement.

Y/.....
