Dear Sir / Madam

PUBLIC WORKS IN GEMINI PLACE RIGHT OF WAY

Council has given consent for works to be carried out on the sewer main and stormwater cesspit which are within your access Right of Way.

The contractor is required to advise you, by a letter drop, of the start date and the works are to be completed within two weeks of this start date. The Right of Way formation will be reinstated to its original state.

Access along the Right of Way will not be impeded, but the works are to be carried out in the area circled on the attached plan. Care will be required as during the works the construction will narrow your existing driveway width to approximately 3 metres.

If you have any queries please contact the writer.

Yours faithfully

Megan Hill
