PARTICULARS TO BE SHOWN

The drawings and particulars in duplicate required by Clause 1 of the Building By-Laws shall be signed by the architect, builder or other person who has prepared the same and by the applicant.

1. The methods of draining both the site and the building, together with materials, appliances and fixtures to be used and installed in connection with such drainage work.

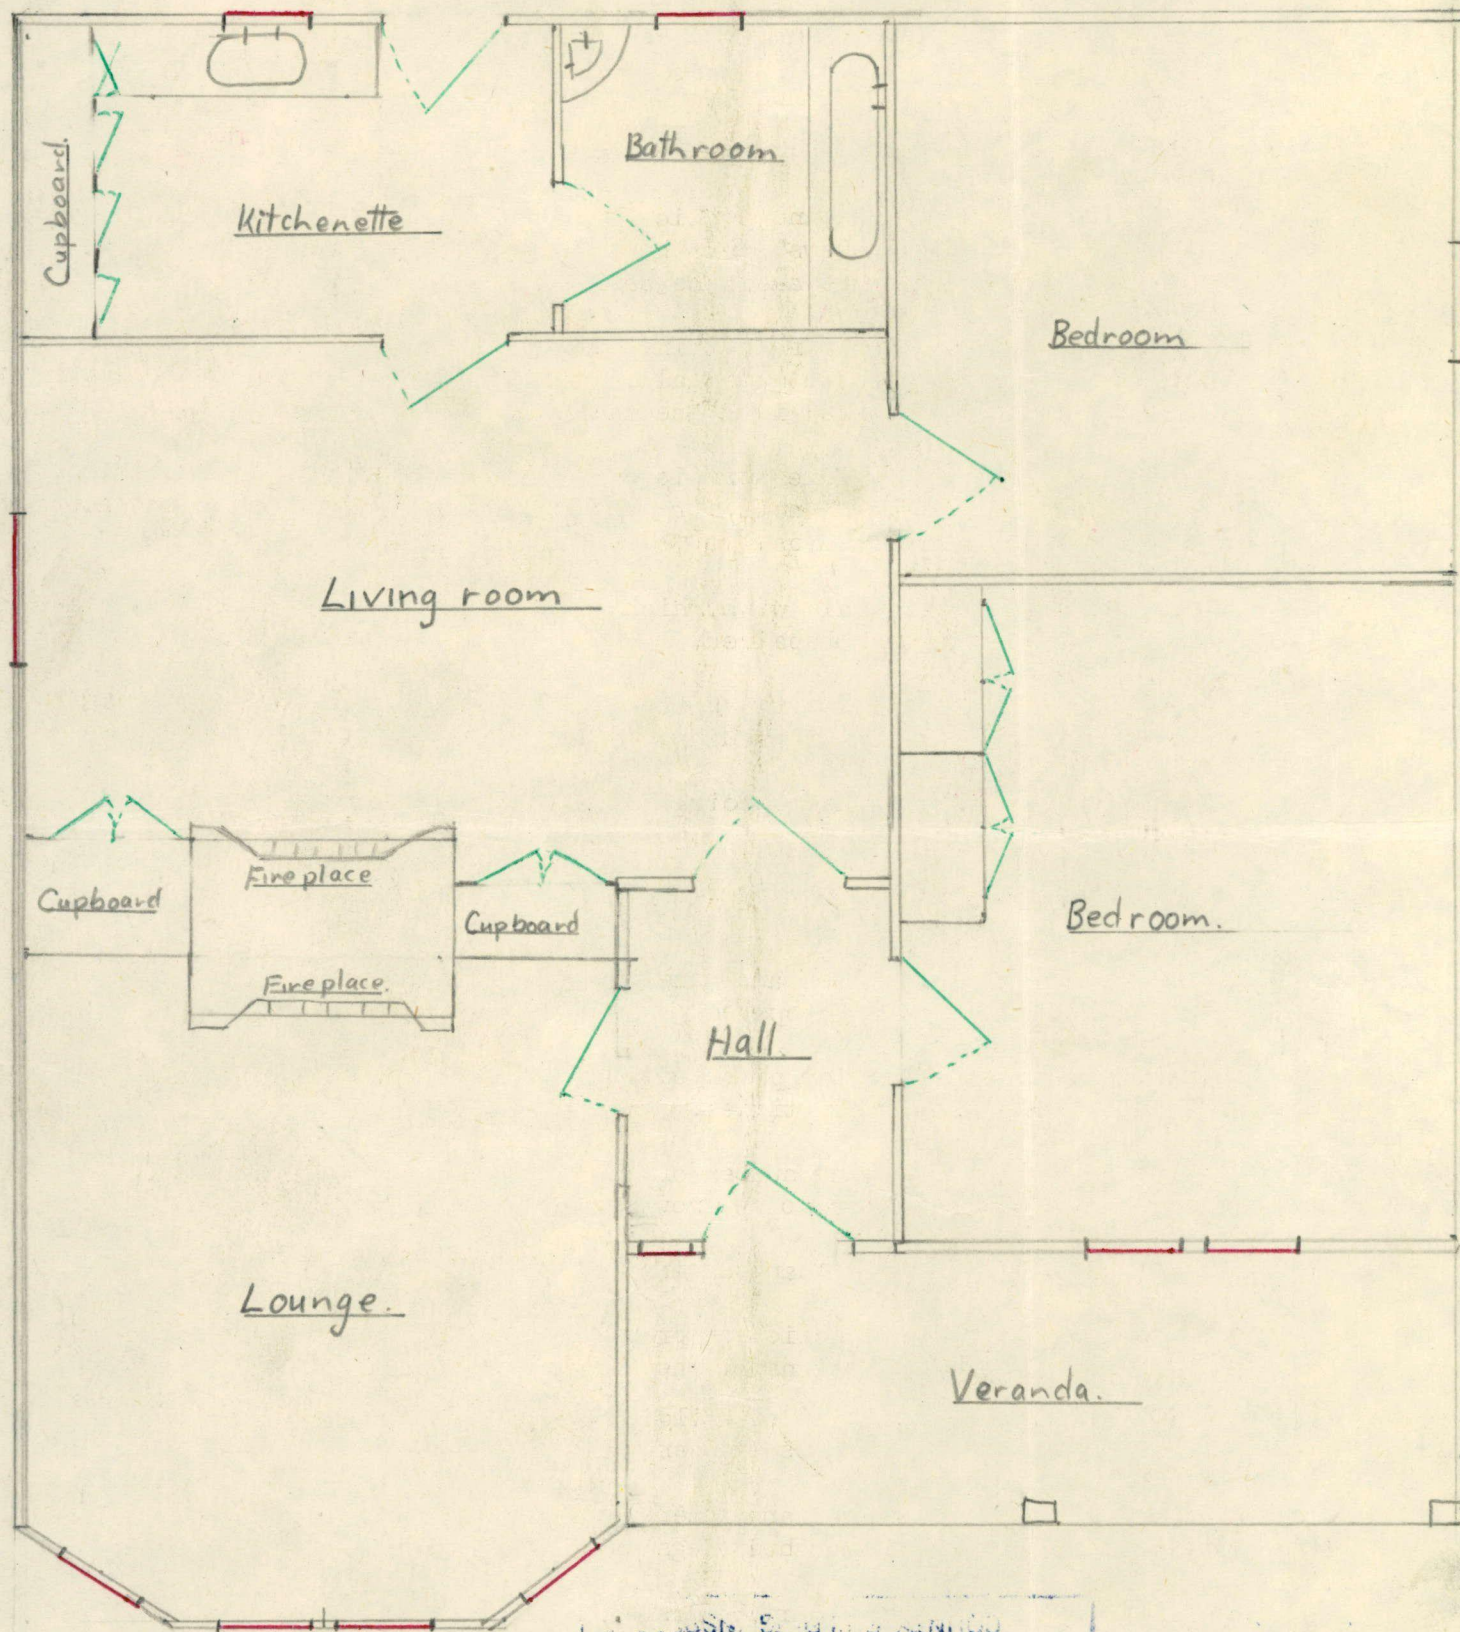

(NOTE: Before work is commenced it is necessary to obtain a permit from this Council for any plumbing or drainage work connected with the disposal of sewerage and household wastes.)

2. The materials with which the building is to be erected, renewed altered or repaired.
3. The height of the bottom floors off the ground, and the method of ventilating the building under the floors.
4. The sizes and spacings of framework members.
5. The number, uses, sizes, height and internal coverings of the rooms.
6. The positions and sizes of hinged or hung windows capable of being easily opened.
7. The provision proposed to be made for supplying clean water in adequate quantities.
8. The kind and number of pan privies or water flush closets existing or to be provided on the premises.
9. A locality plan showing:
 - (a) Description of property (section, block etc.,) area and dimensions of the section.
 - (b) Position of building on section with distances to other buildings adjacent thereto.

(NOTE: Area and dimensions of section may be omitted in the case of houses or outbuildings on farm properties.)

10. Such other particulars as the Council may reasonably require for the purpose of ensuing compliance with the provisions of the Building By-Laws.

L. W. HYDES.
